前巻までのあらすじ

C・Gに潜入した晶＝ガイバーIと速水は、97階・レベル4実験室で遂に石化したアプトムを発見する。繋がれた装置の暴走により、晶達の眼前で粉々に砕け散るアプトムの身体。だがアプトムは、ステルス獣化兵ガシュタルの肉体を苗床として一片の肉片から復活を遂げる。喜び駆け寄る晶達に、突如襲いかかるアプトム。彼の精神は獣神将カブラールの支配下にあったのだ。騒ぎに駆けつけた獣化兵達を手当り次第に融合捕食し、より凶悪な姿に変貌してゆく最悪の敵“イヴィル・アプトム”。敵陣の只中、晶と速水は最大の苦難に直面する。

一方、アリゾナ地下大空洞でバルカスら三神将と対決する覇人＝黒い巨人殖装は、洞内を覆い尽くす獣神将ワフェルダノスの蠢く毛髪“臣毛”に手を焼きつつも、いよいよ反撃に転じようとしていた……。

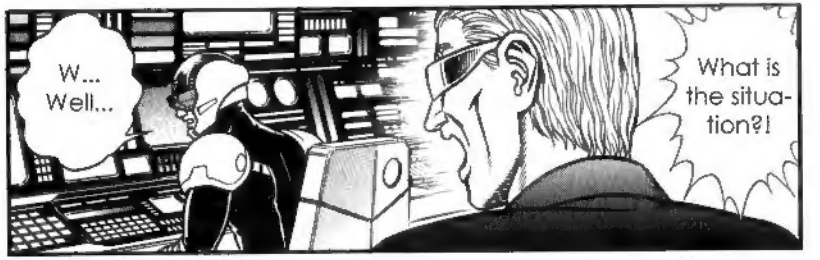
They should be arriving at the location shortly...
How far away are the reinforcements?

... Even if we concentrated all our forces in the battle, it would still end with the same outcome...
But...

... Now I believe that their bodies have had improvements...
Even if they have undergone processing, there are still only five of them...

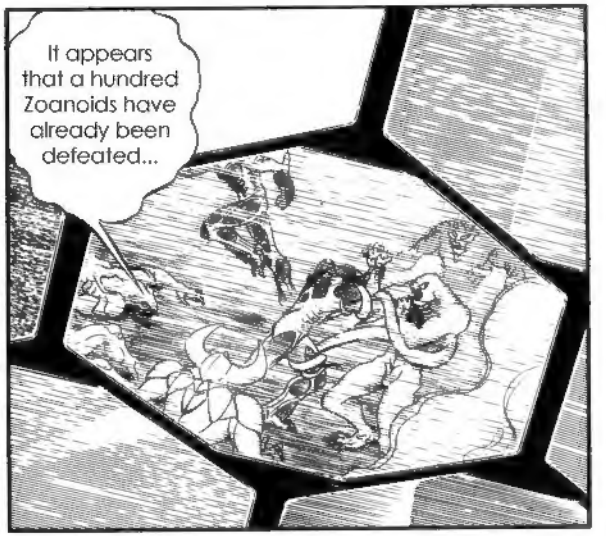
...
And when faced with supperior numbers they will be overwhelmed!

.....
It is of little importance...

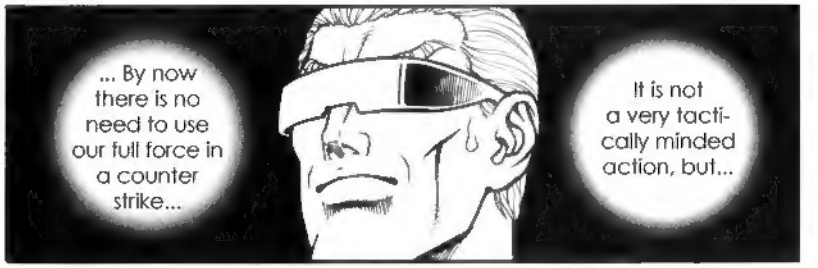


W... Well...
What is the situation?!

//

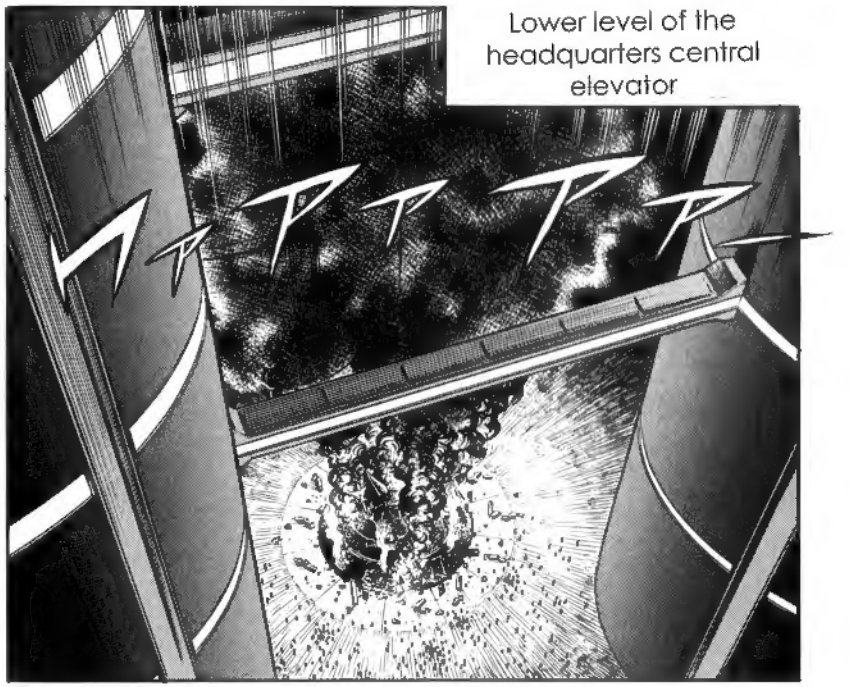


It appears that a hundred Zoanoids have already been defeated...



... By now there is no need to use our full force in a counter strike...
It is not a very tactically minded action, but...

... We should at least manage to exterminate the Libertus with our recources.
Now that Doctor Balcus has headed towards the underground cave in pursuit of Gigantic Dark...



Lower level of the headquarters central elevator

Eh... regen-eration!

They don't seem to ever tire?!
But what the devil are these?!

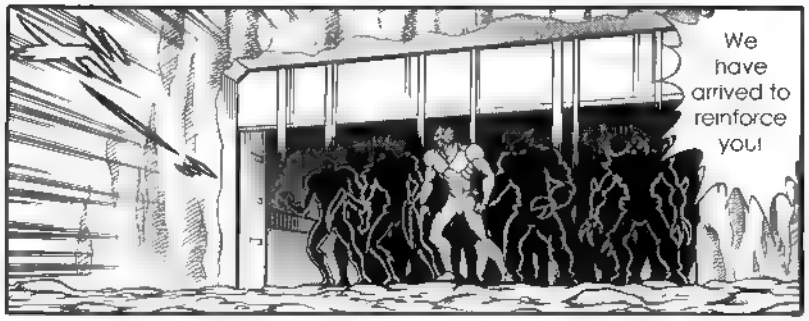
15

SHE IS PRODUCING A CONTINUOUS SUPPLY OF ENERGY!
THAT WOMAN!

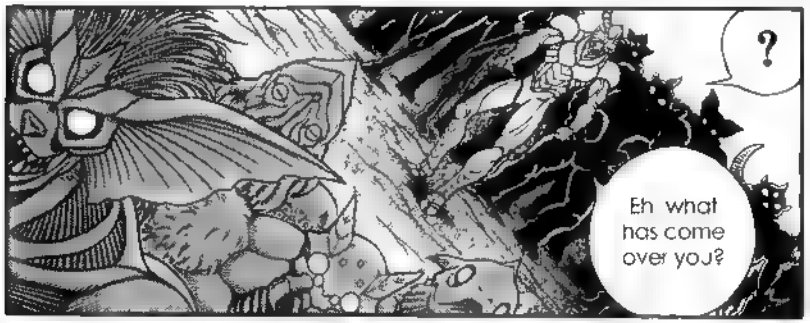
ELIMINATE HER BEFORE THE OTHERS!

14

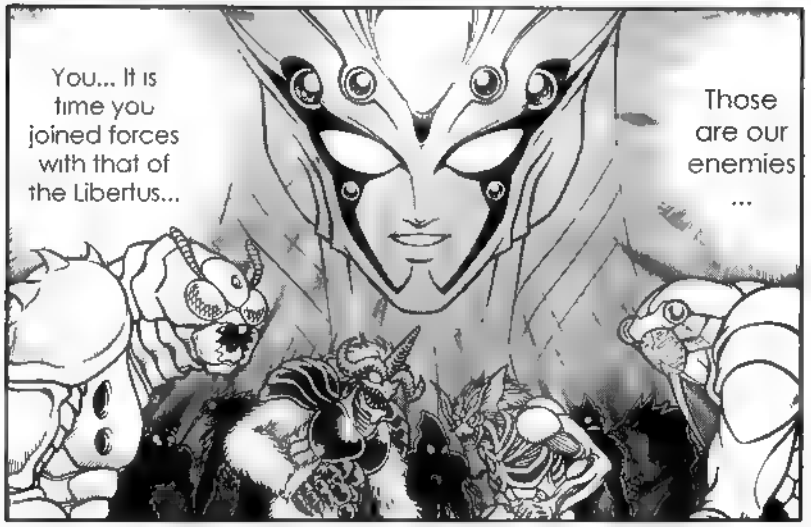
Guyver Advocacy



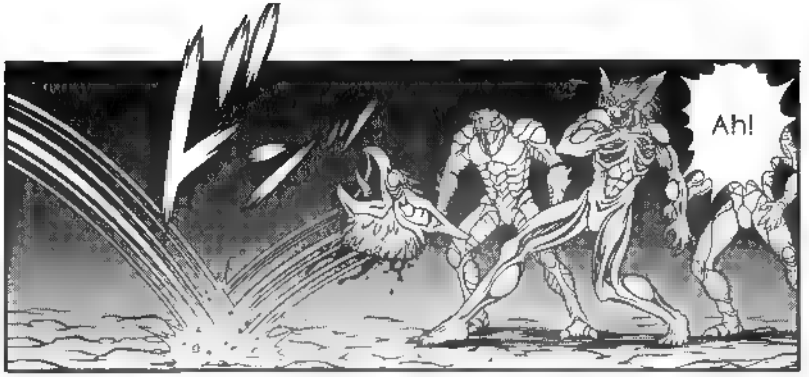
We have arrived to reinforce you!



?
Eh what has come over you?

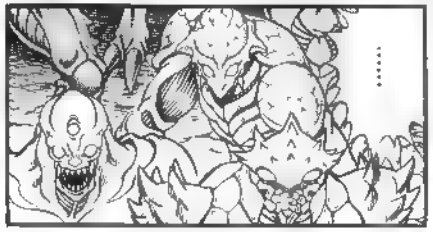


You... It is time you joined forces with that of the Libertus...
Those are our enemies ...



Ah!

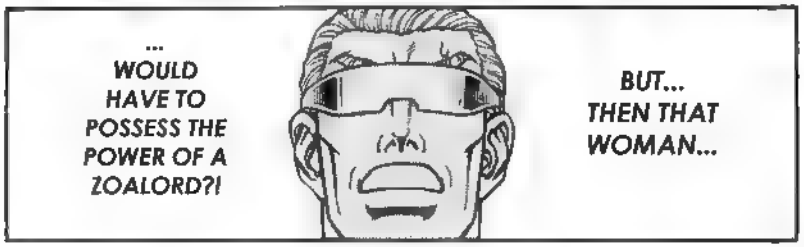
Uh?!



.....

Gri...
... Gri-selda...

!!
The Zoanoids and the re'inforcement squad are fighting between themselves
But... Damn!



... WOULD HAVE TO POSSESS THE POWER OF A ZOALORD?!
BUT... THEN THAT WOMAN...

!?
What the...?!

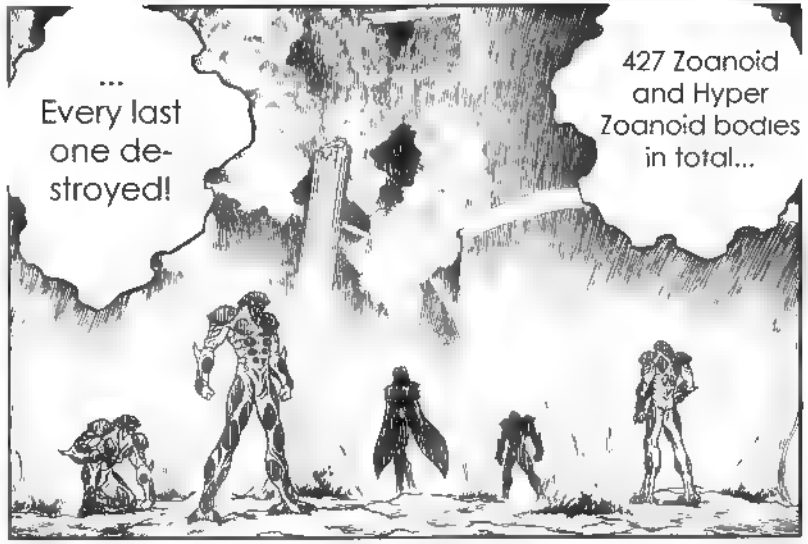
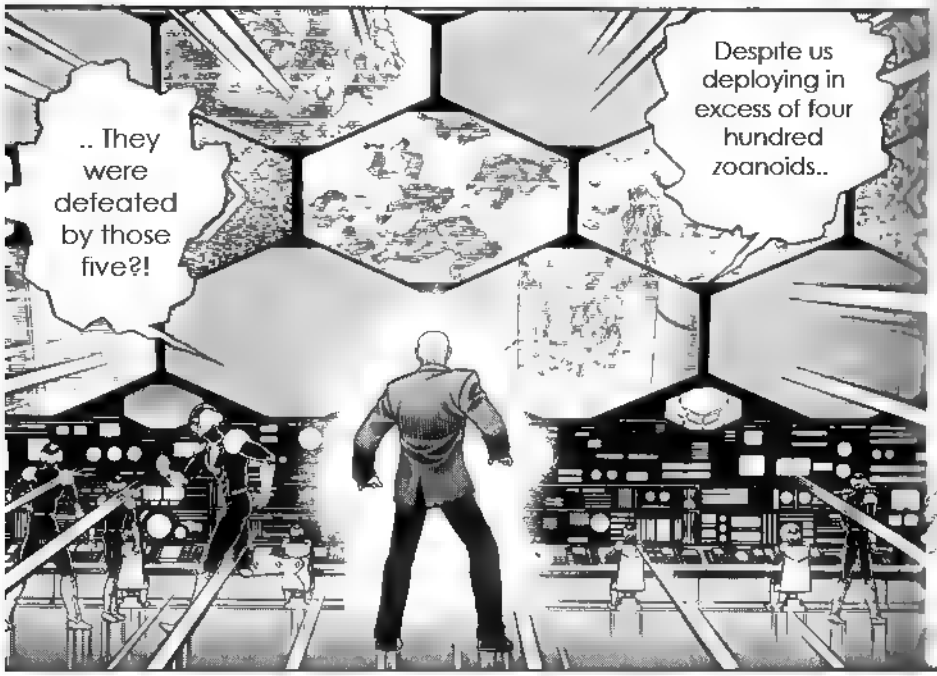
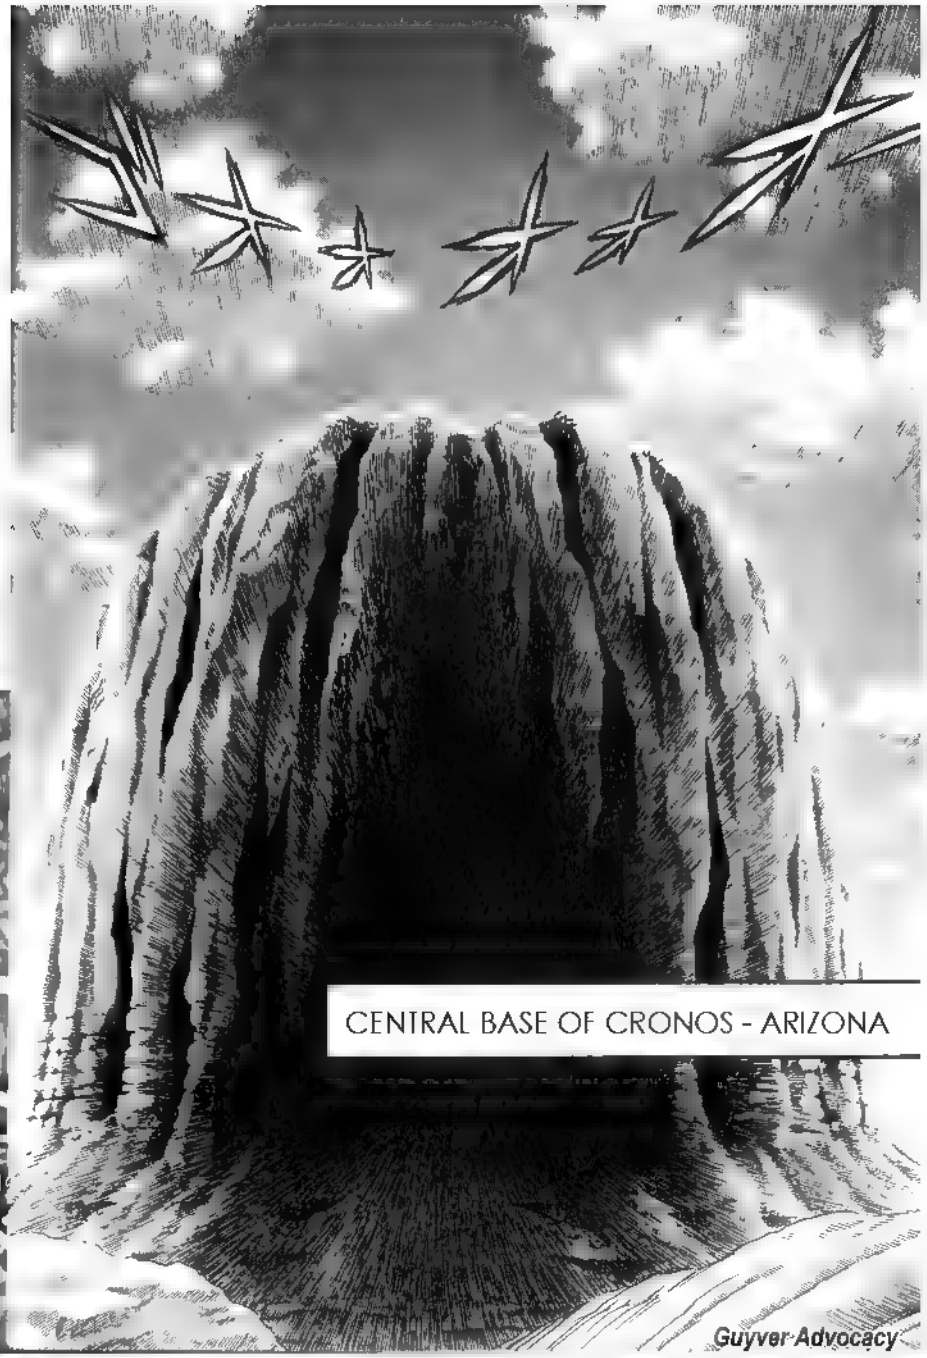
Chapter 121
TO THE CHARGE! GRAVITY RAM



A-all
...
They were extermi nated?!



.. They were defeated by those five?!
Despite us deploying in excess of four hundred zoanoids..



CENTRAL BASE OF CRONOS - ARIZONA
Guyver Advocacy

Guyver Advocacy

Mr Agito, in the guise of the Gigantic Dark, is headed..
The underground cave in Arizona, the sacred place of Cronos, where, at this time,

Down there lies the sacred relic of the Uranus, the largest vessel of the ancient visitors...
... It is some hundred meters further down...

No it can touch it to the out of the ve ve divinità. .
The restive of the large biological astronave left on this planet, in ancient past...

Here we are at the base of the main elevator situated three thousand meters under ground ..
.. Essentially, the heart of the central base of Cronos .

Guyver Advocacy

... THERE ARE ZOALORDS IN THE UNDER-GROUND CAVE?!
BUT THEN...

MR AGITO!

!?
Oh, What's this .

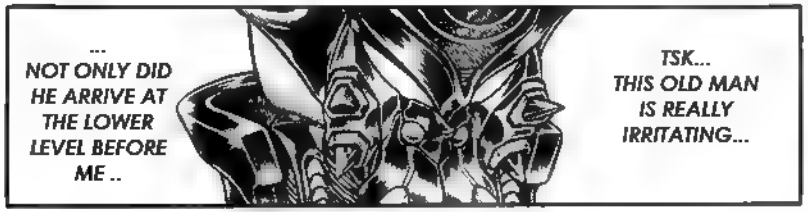
That is the true objective of Mr Agito. .

Gr-selda?

..
It is equal to the aura of Doctor Balcus .. The aura that I felt during the attack on the institute of processing in Washington. .
This resonance that I felt within my crystal. .

Large underground cave in Arizona,
lowest level of the central base
Guyver Advocacy

.
You are sentenced to death...
As I have already said, Agito .



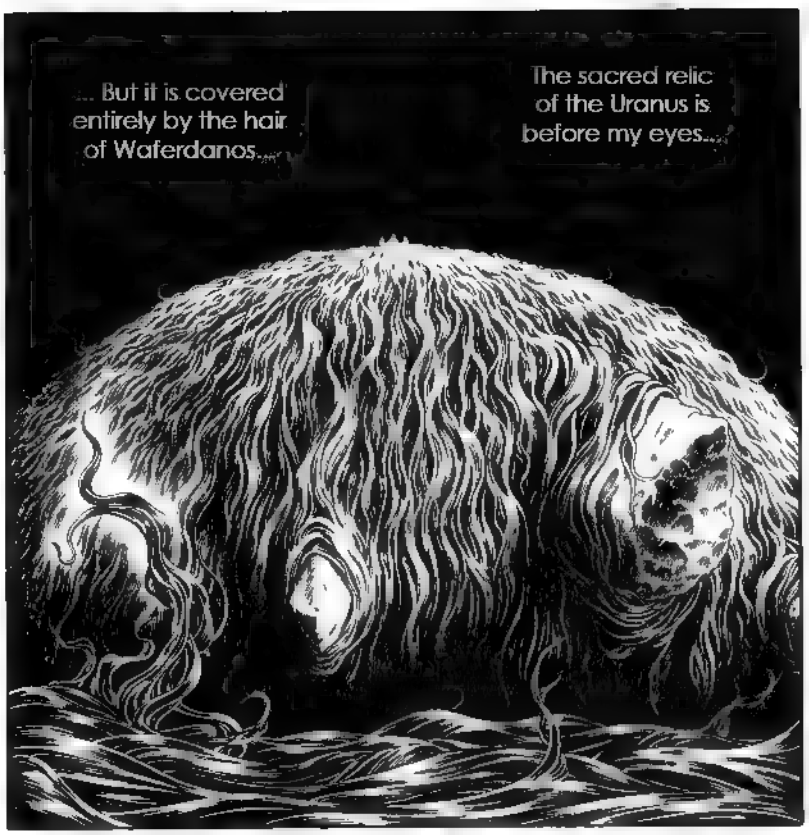
...
NOT ONLY DID HE ARRIVE AT THE LOWER LEVEL BEFORE ME ..
TSK... THIS OLD MAN IS REALLY IRRITATING...

...
BUT ALSO HE HAS CONVENED YENTSUI AND WAFERDANOS...

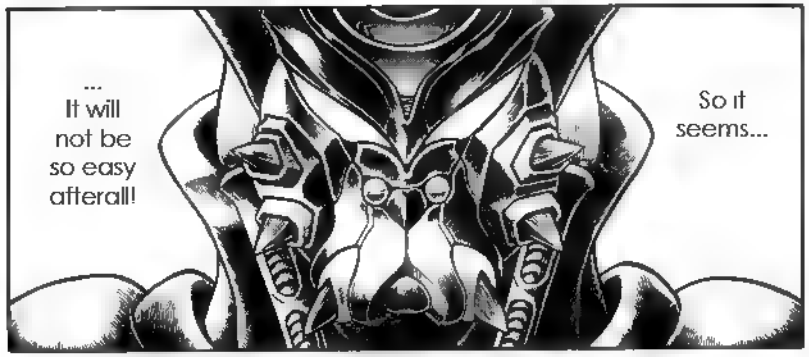
But .
Tsk.. By using the high frequency swords you succeeded to free yourself from my sacred hair...

... DO YOU BELIEVE YOU CAN REALLY HOPE TO SURVIVE DEFEATING THREE OF THE TWELVE LORDS...
... GIGANTIC DARK... OR RATHER, I AGITO MAKISHIMA?!
Guyver Advocacy

Capture and restrain that Gigantic Dark!
Go! My sacred hair!
!!



... But it is covered entirely by the hair of Waferdanos...
The sacred relic of the Uranus is before my eyes...!



... It will not be so easy afterall!
So it seems...

!!
ARGH!
Now it's my turn! Get ready!

Meh .
Even if that hair of yours is strong enough to resist a blade of steel!
Every attempt is useless!
No substance can resist the high frequency blades!
My high frequency blade is able to cut anything it comes in contact with on a molecular level .

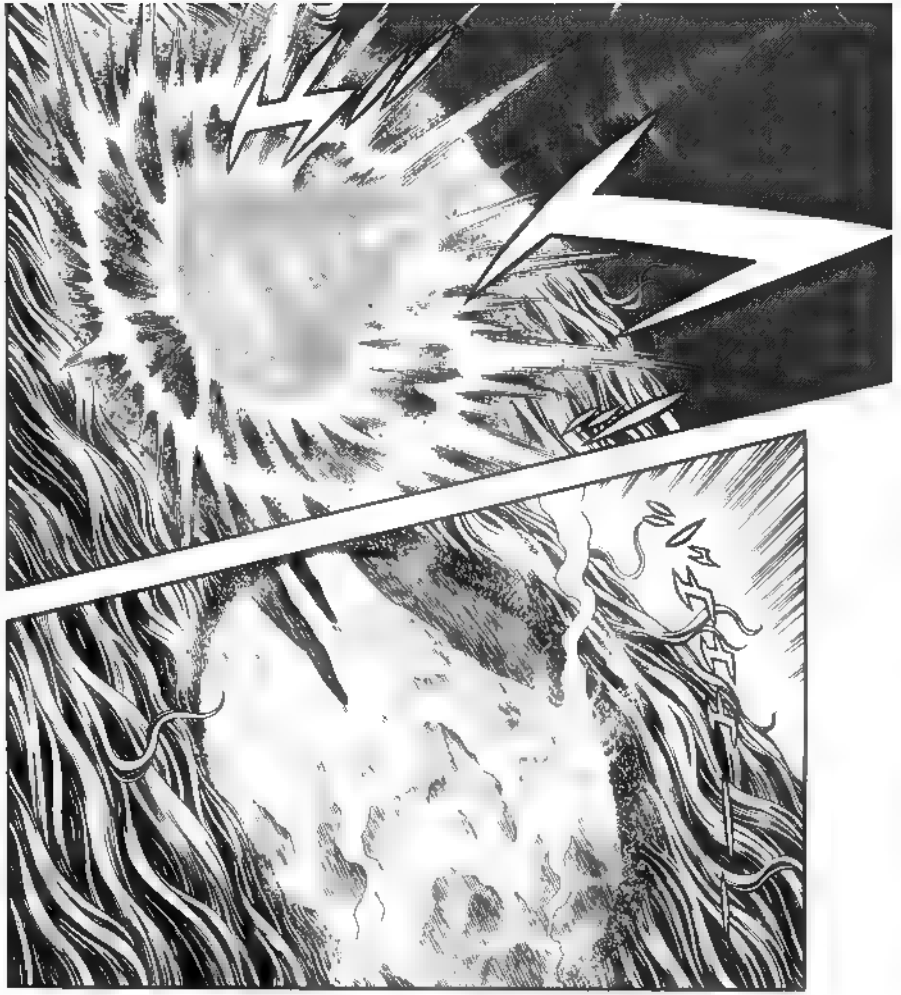
Because you layered the cave with your sacred hair...
BUT NOW I HAVE UNCOVERED YOUR SECRET!
... You are not able to raise an energy barrier!
Heh heh.. You created a defensive wall with the hair to protect yourself from my attack, eh ..

Guyver Advocacy

YES SIR!
Oh, No! Yentsui, protect Waferdanos!
No! Its true purpose is ..
!?

A solu tion!
Now I have also found.
!!
SONIC BLASTER?!

Yes, I did it!
GRAVITY CONTROL-LER TO MAXIMUM POWER!



The sacred relic is un covered!
DAMN IT!

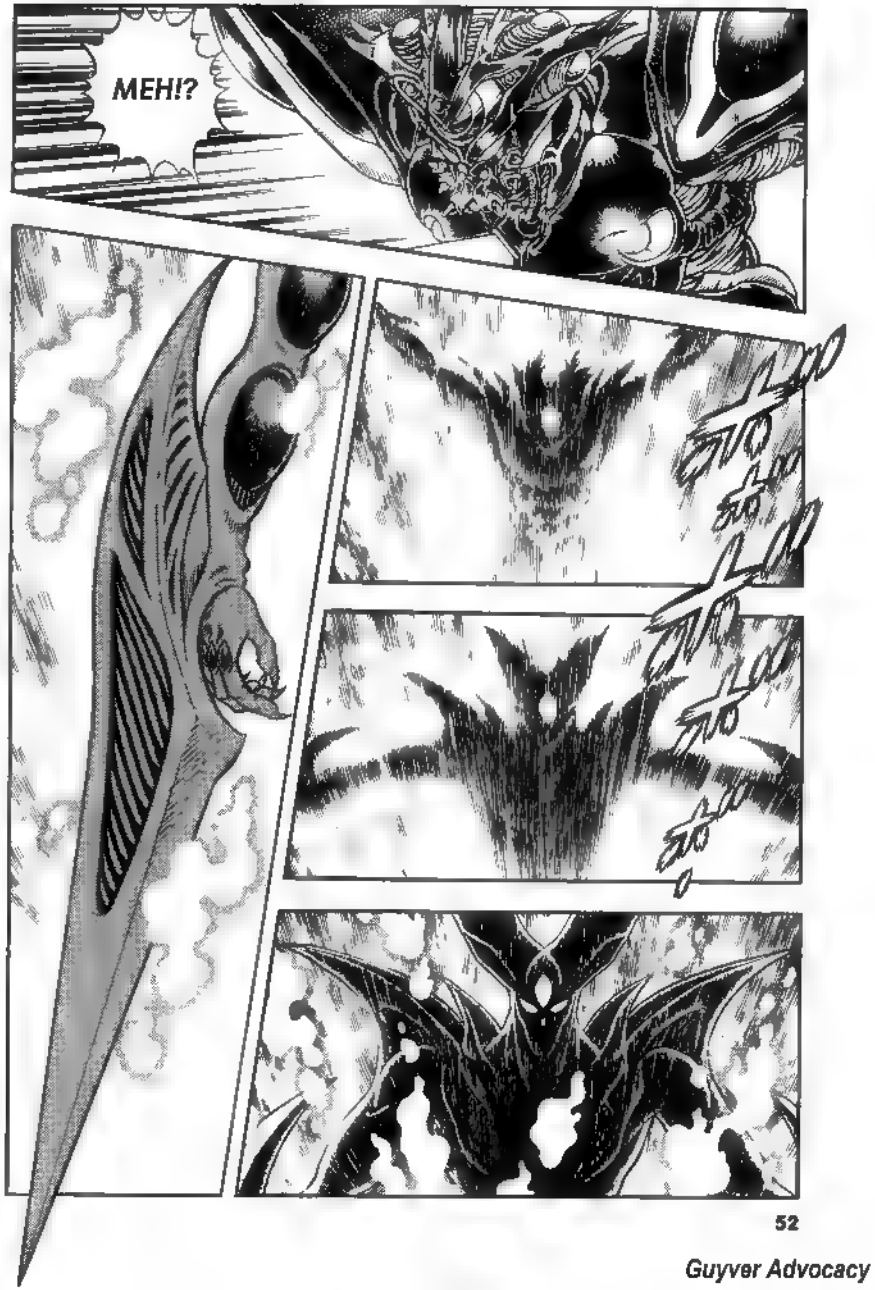
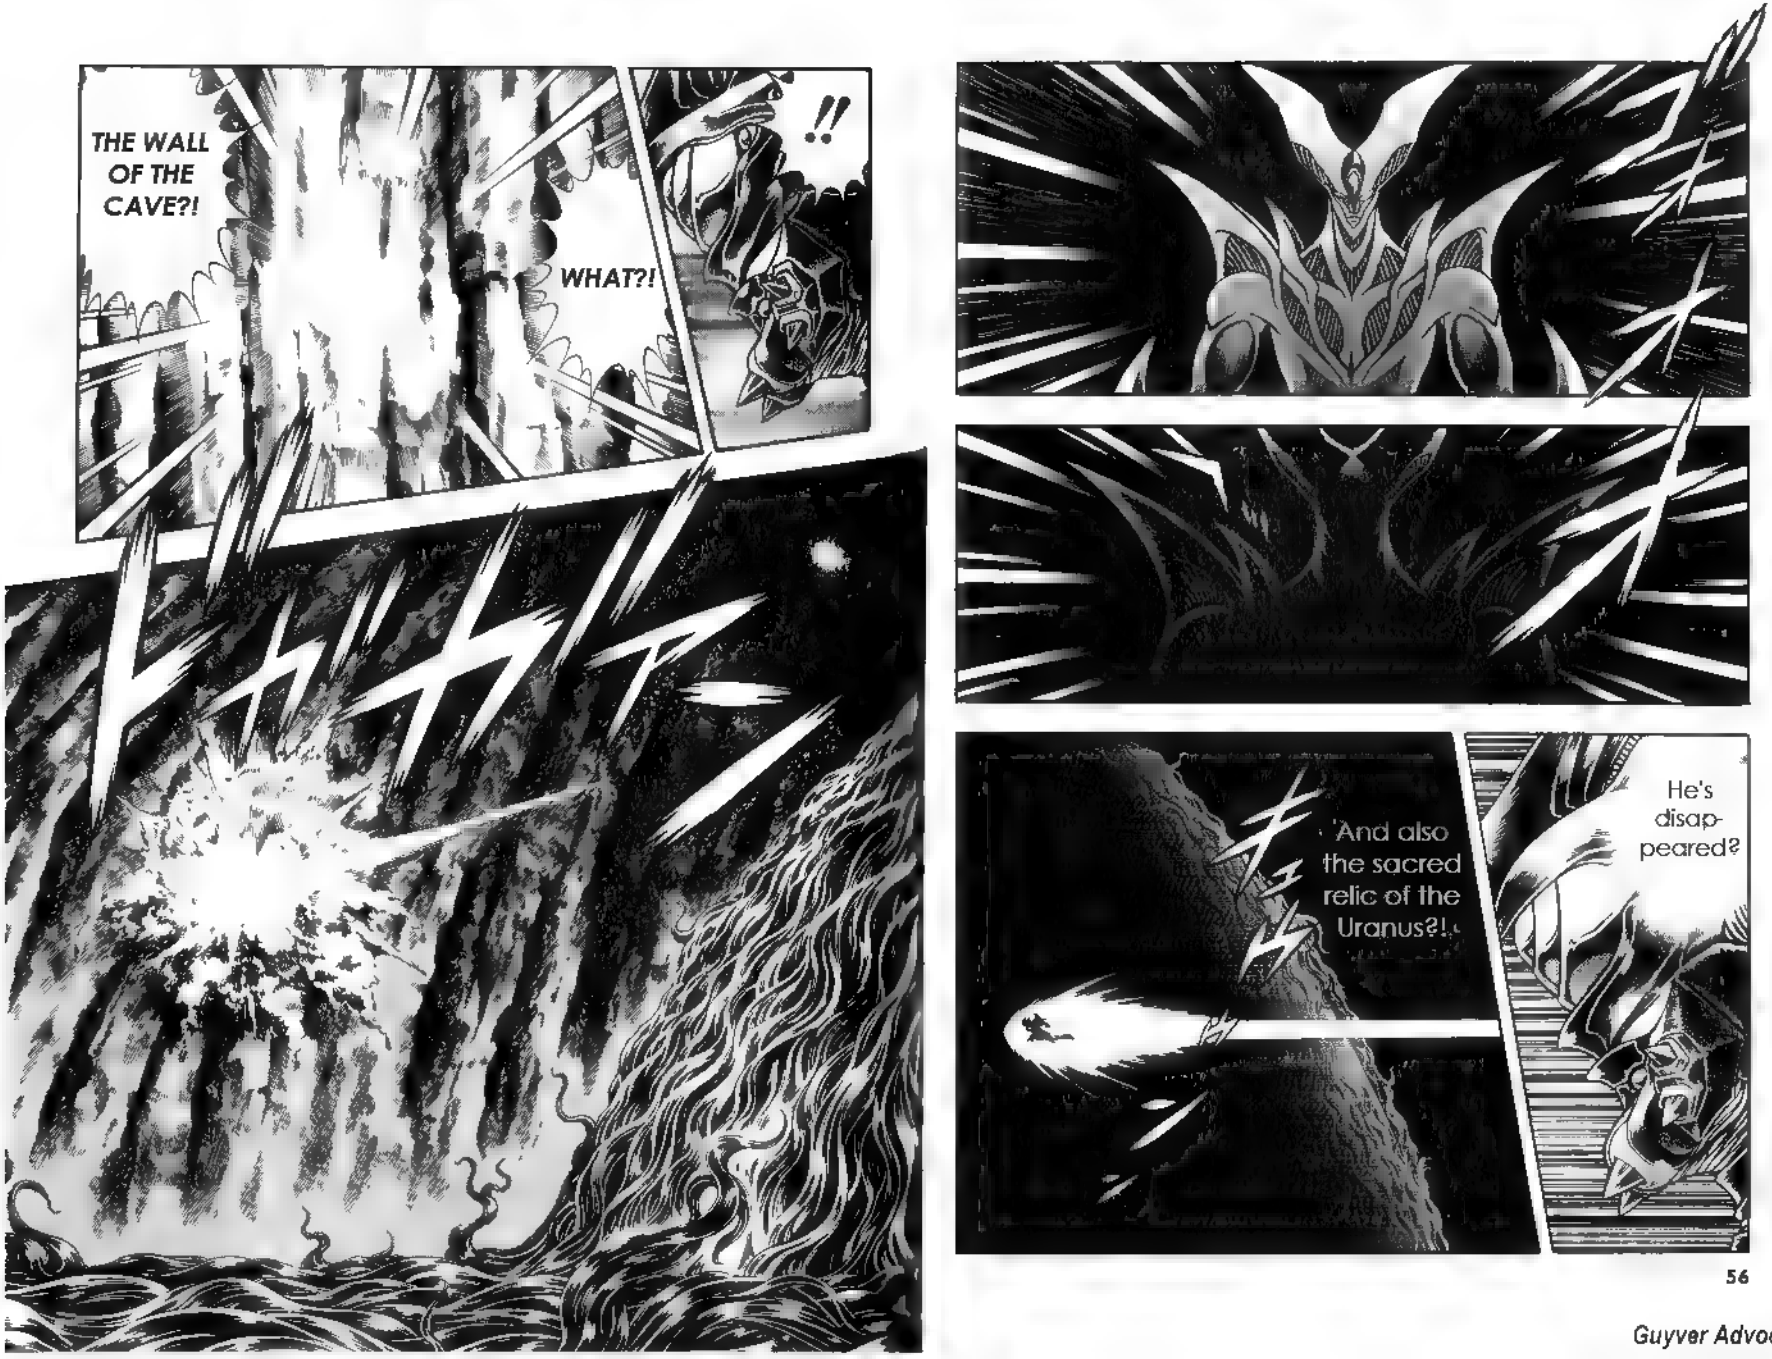
YENTSUI ...



MEH!?

EVEN IF YOU ATTACK I WILL STILL MANAGE TO BLOCK IT!
MY GRAVITY RAM IS ACCEL-ERATED WITH PLASMA JETS AND PROTECTED BY A BARRIER!

Guyver Advocacy



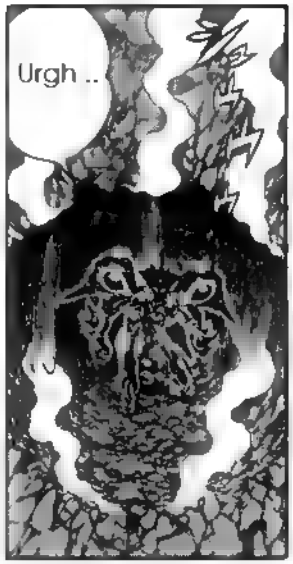
THE WALL OF THE CAVE?!
WHAT?!
!!
And also the sacred relic of the Uranus?!
He's disap-peared?

HOW COULD I HAVE COMPLETELY CHANGED DIRECTION AND SLAMMED INTO THE CAVERN WALL?!
It is not POSSIBLE!

What are you doing down there?
What is wrong, Gigantic Dark?

Tsk..

Did you not say...
That you wanted to attack me with your full force?



Urgh ..

ズバズバズバァン

.....

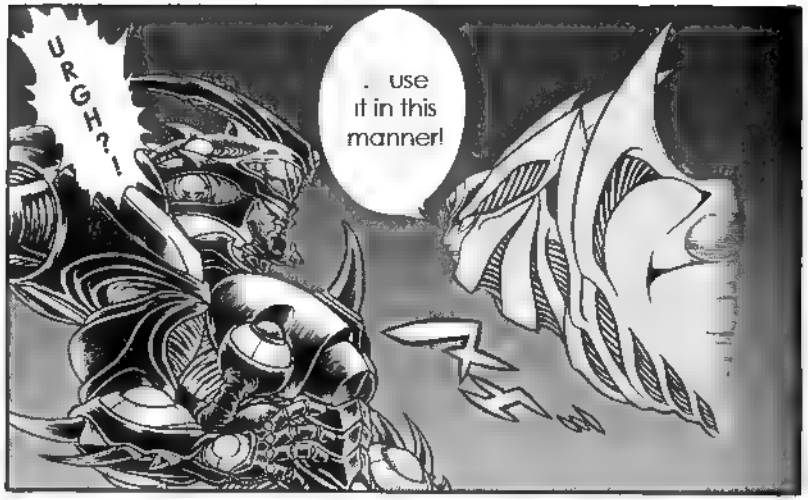
!!

BUT WHAT HAPPENED?! I DID NOT PASS THROUGH THE RELIC?

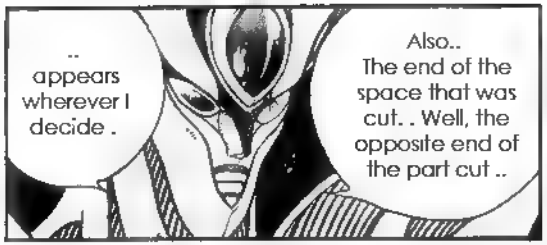
. . Then I shall attack first.
If you cannot manage to attack me. .
!!
HE HAS DISAPPEARED AGAIN!
URGH!
URGH!
From who and where did it emit?
But. What is this heat ray?

I cannot sense anyone else
DAMN IT!
Bu .. But this is.

*(to interrupt the space that is cut)



URGH?!
. use it in this manner!

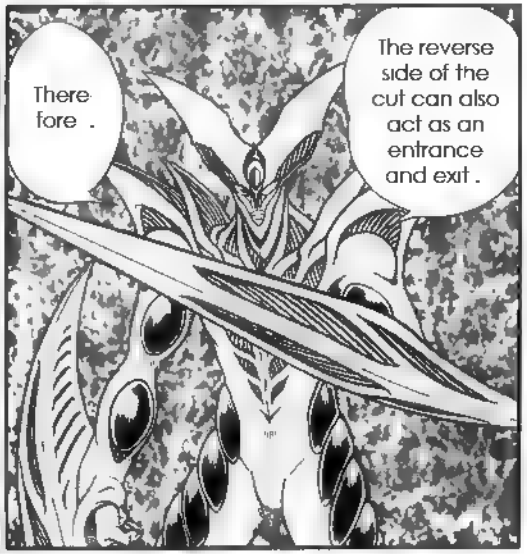


.. appears wherever I decide .
Also.. The end of the space that was cut. . Well, the opposite end of the part cut ..

Then that ther mal ray ..
.. was the head beam that I, myself threw?

WHAT?!

. I can also.



There fore .
The reverse side of the cut can also act as an entrance and exit .

YOU'VE FALLEN INTO MY TRAP!
!?
WHAT?!

BU...
BUT
HOW...

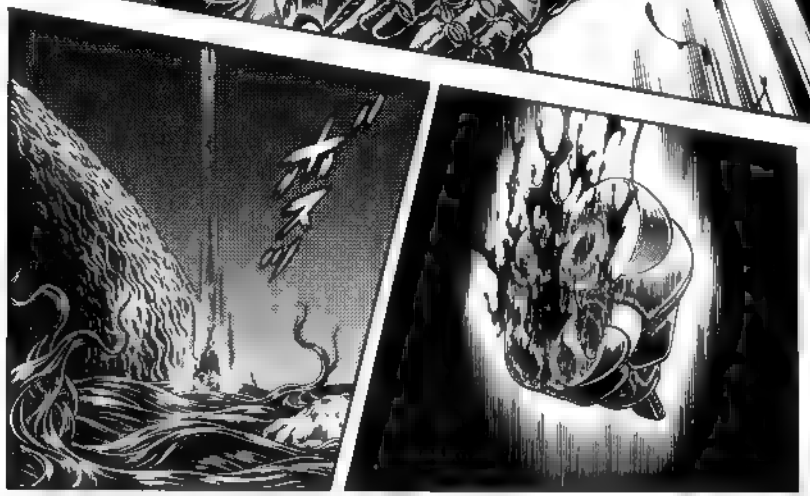
Chapter 123
THE PHENOMENON! THE FEAR OF THE JUE KONG ZHAN

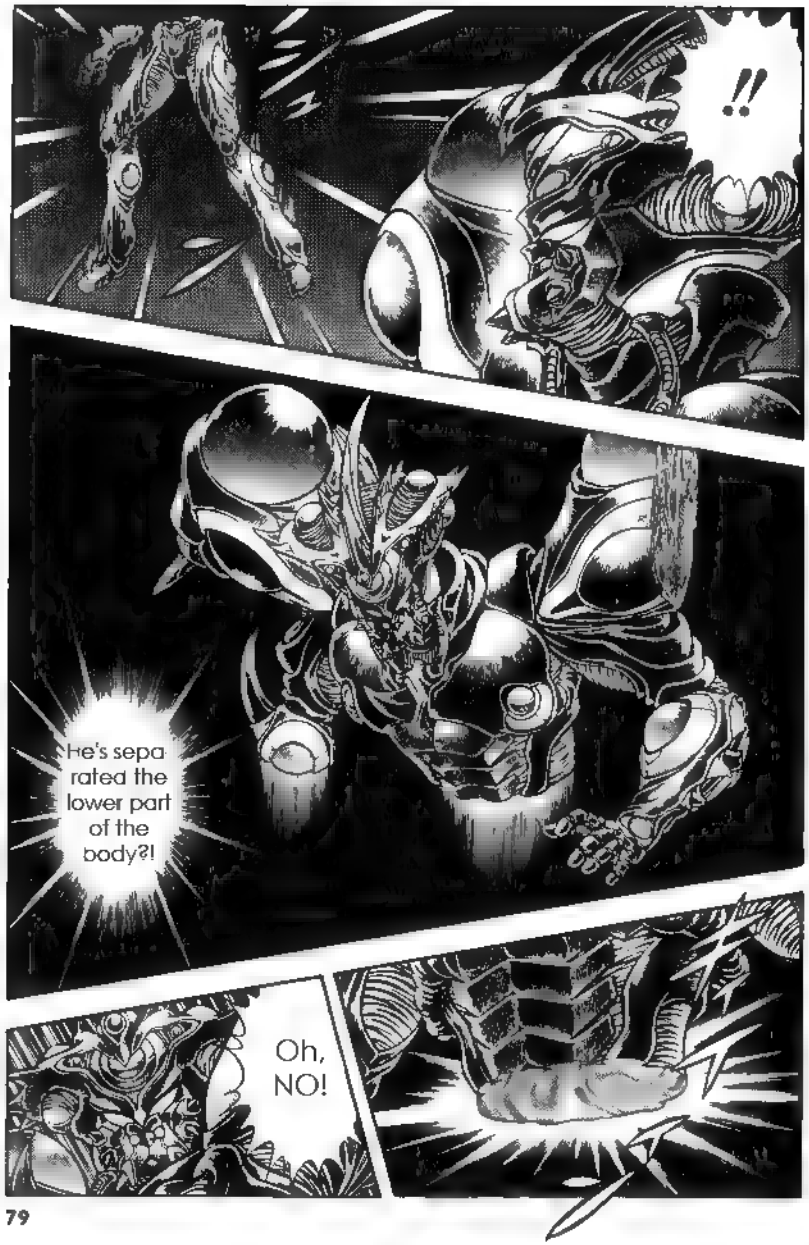
*(cut)

...
TRAITOR
OF CRONOS!
NOW DIE...
!?

WHA...
WHAT IS
HAPPENING
TO ME?!
...
WHAT?!

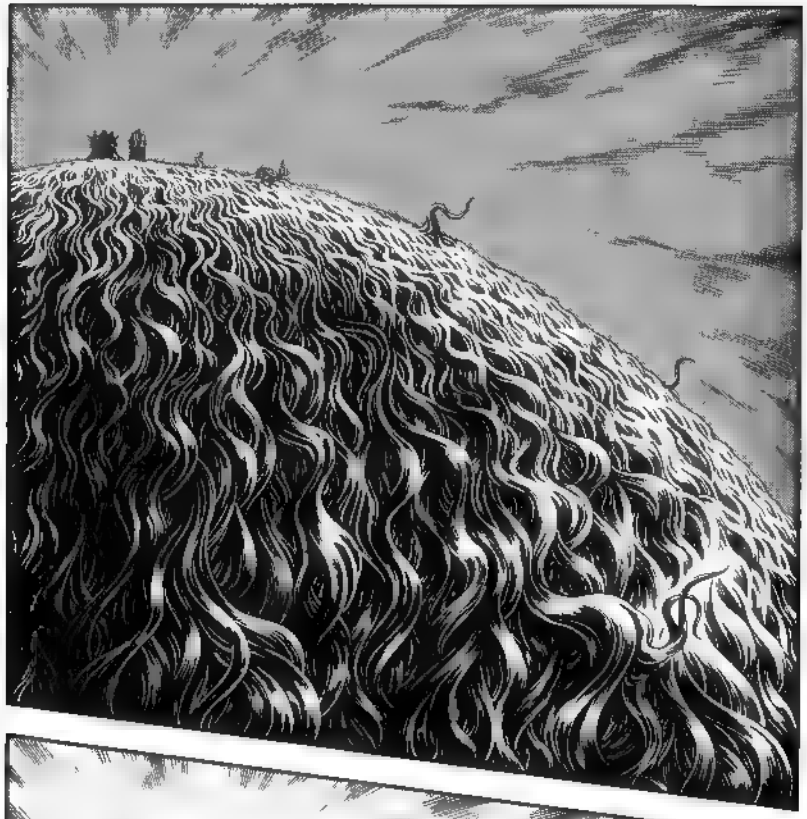
GWAA!

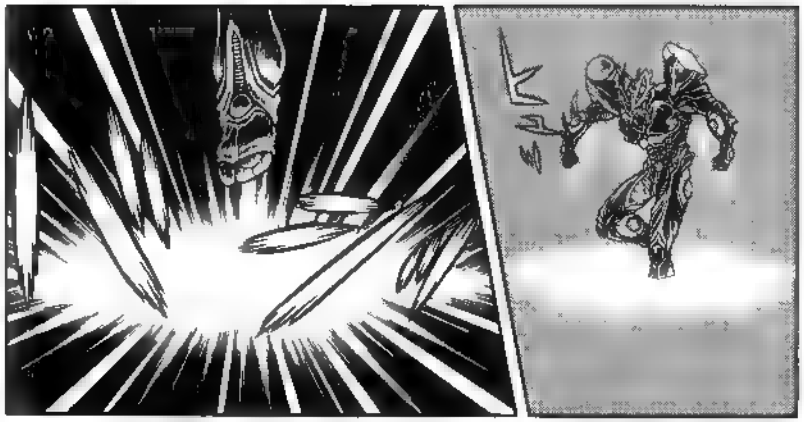




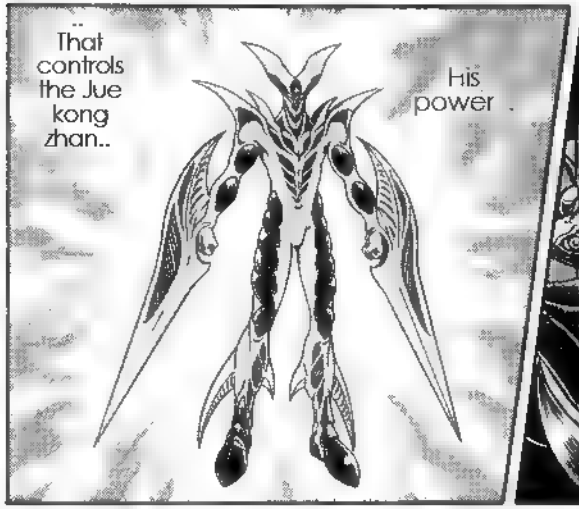
!!
He's separated the lower part of the body?!
Oh, NO!

Then we shall try again .
Tsk! It failed ..
Uh .
Uuh?
JUE KONG ZHAN!





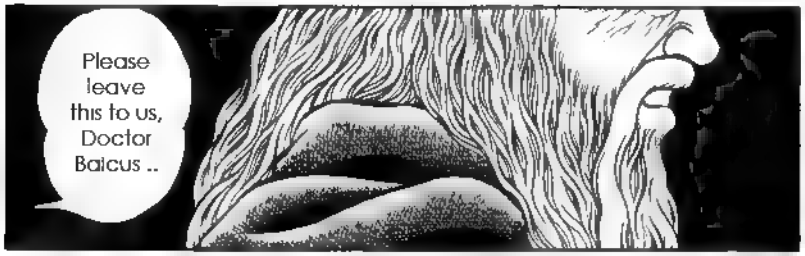
..I'm beginning to understand
But..



..
That controls the Jue kong zhan..
His power .

That was close...

YOU ARE NOT ALONE IN THIS FIGHT!
YENTSUI! WAFER-DANOS!



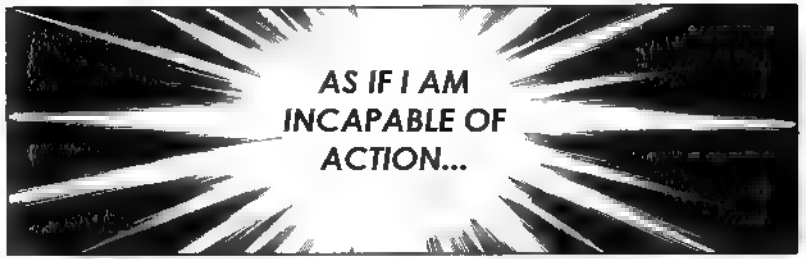
Please leave this to us, Doctor Baicus ..

I strongly advise against it
. I know that you intend to transform into your battle form to assist those in the struggle, but. .

After all I compelled you not to reveal your special abilities.
You displease me, Yentsui ..

The sacred relic
Together with Wafer-danos you are here to protect with full forces

... for me...
They both fight for Cronos at the cost of there lives...



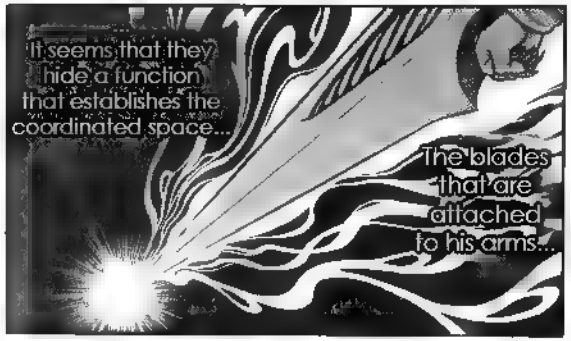
AS IF I AM INCAPABLE OF ACTION...

YOU CANNOT HOPE TO AVOID MY ATTACKS FOREVER!
STAND STILL, DAMN IT!

. . But you should use it only to protect Alkenphel ..
I know well of your power
Wafer danos .
... UNTIL THERE IS NO OTHER OPTION!
JUST WAIT A MOMENT...
... ALLOW US TO TRY FOR OUR-SELVES FIRST...
YENTSUI WOULD SAY THE SAME THING IN MY POSI-TION...

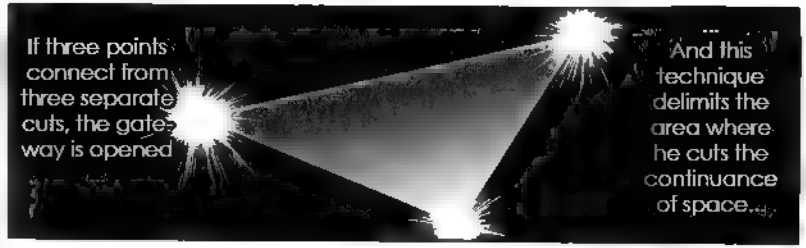
...
IT CAUSES THE EFFECT OF AN INVISIBLE BLADE THAT CUTS ANY-THING...
WHEN THIS GATE IS RE-CLOSED...

...
THE SPECIAL POWER OF THE ZOALORD YENTSUI LEE!
THIS IS THE SECRET OF THE JUE KONG ZHAN TECHNIQUE...

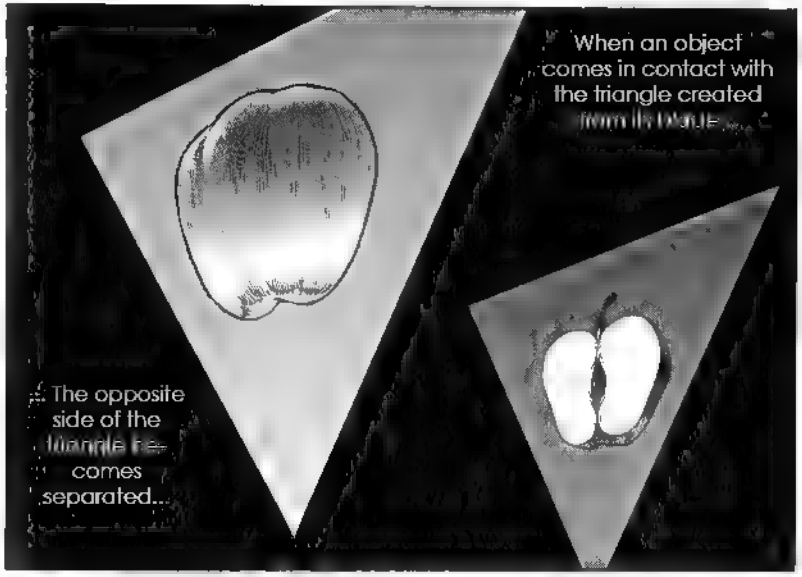


It seems that they hide a function that establishes the coordinated space...
The blades that are attached to his arms...

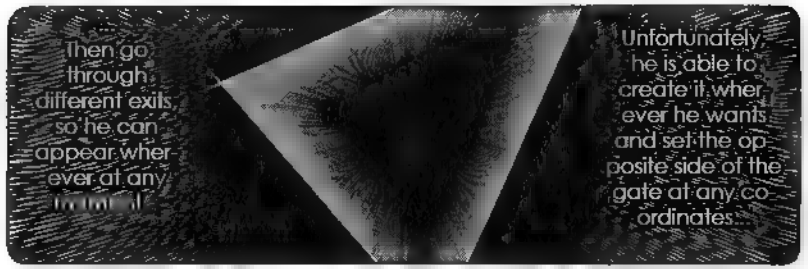
.....



If three points connect from three separate cuts, the gate-way is opened
... And this technique delimits the area where he cuts the continuance of space...



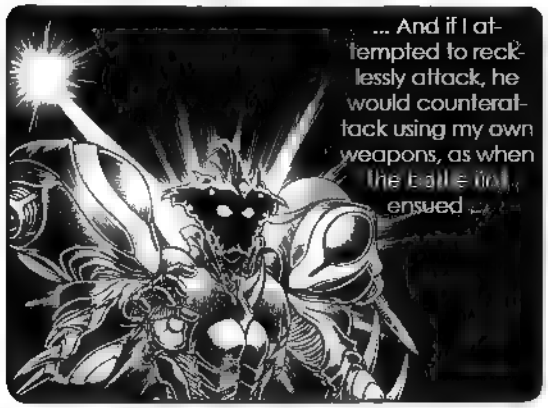
When an object comes in contact with the triangle created from its blade...
... The opposite side of the triangle be-comes separated...



... Then go through different exits, so he can appear wherever at any
Unfortunately he is able to create it wherever he wants and set the opposite side of the gate at any coordinates...

... Not while he is able to present different openings like

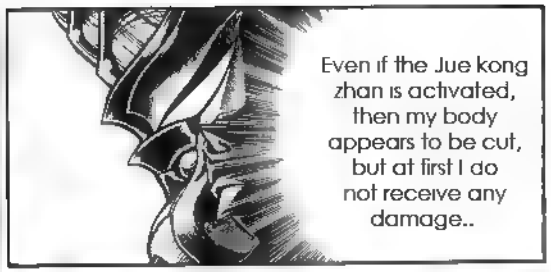
Besides... Even if I managed to discover his true present position... I would not succeed in attacking from a distance...



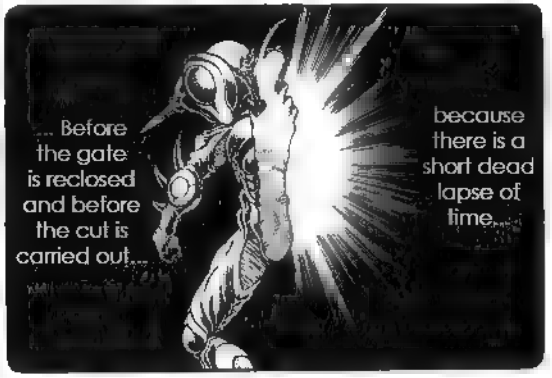
... And if I attempted to recklessly attack, he would counterattack using my own weapons, as when the battle had ensued...

... AND FORCE A FACE TO FACE FIGHT!
I SHOULD TRY TO APPROACH HIM...

If the object introduced in the gate manages to free itself from one of the two sides...
... The ... have any effect...



Even if the Jue kong zhan is activated, then my body appears to be cut, but at first I do not receive any damage..



... Before the gate is reclosed and before the cut is carried out...
because there is a short dead lapse of time...

.. That I cannot know with any precision how long is required before it makes any effect over me. .
The problem is. .

.. And the fact that Yentsui can utilize this power not only to attack, but also to transport himself.

!!

Here is the Jue kong zhan!
The cut gateway is... Here .
Therefore if I move myself towards the ceiling...
!?
WHAT?!

. . If I became captured again by his hair, Yentsui would hit me again with the Jue kong zhan while I try to escape.
But no . that would be futile. .
What should I do? Head for the opposite side?
Tsk. .
DAMN! WHAT CAN I DO?!
YOUR TIME IS UP...
!!

HE SENT HIS HAIR TO TRAP ME!
SHIT!
He was so distracted by Yentsui's attack..
... That he completely forget about me!
Stupid fool!
No? Is my gate closing, eh?
You made a serious mistake, Gigantic Dark...

WH...
WHAT?!

DUAN!
URGH

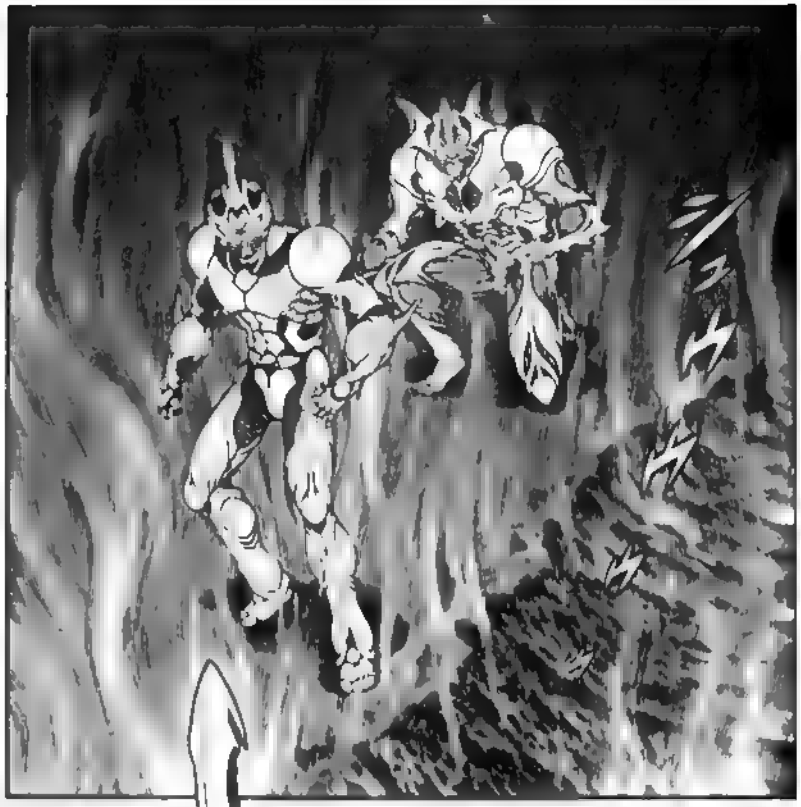
It seems that most of the hyper zoanoid of the defensive team have been melted..

THEN WHY WOULD APTOM ATTACK HIM?

WHAT HAS HAPPENED TO APTOM?!

UHM... BUT DIDN'T THE GUYVER... SHO FUKAMACHI, COME TO SAVE APTOM?



ウウウ

But...
LOOK OUT, SHO!

It is pointless to try and continue to avoid me...
What are you waiting for, Guyver?
WE CAME TO SAVE YOU!
That is because,
Aptom..

Above are some bio-sonar types circling that can intercept the sound waves..
.. At the walls of Cloud Gate some bio-blaster types are positioned and aimed directly at you..

However you will not defeat Aptom..

I do not know what that is, but. .
... It's mind must be under the control of Kabral Khan, of the twelve lords .
It appears to be Aptom, but in reality it is not him. .
It is use less trying to talk to him, Sho .

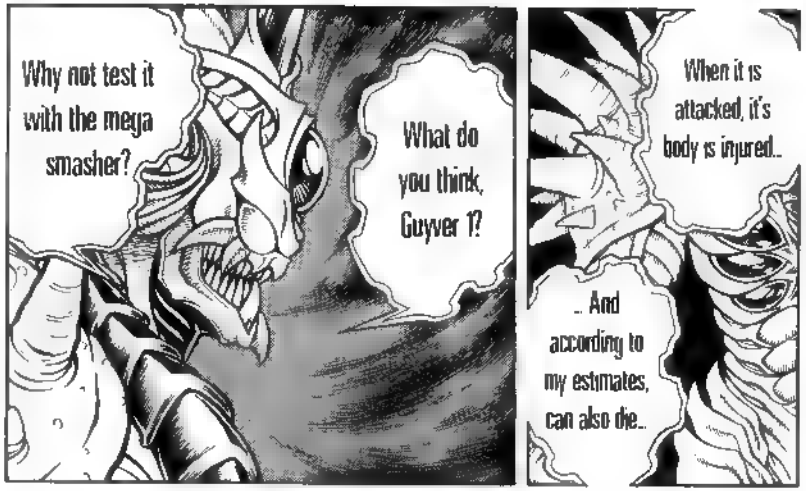
He he he.. That is quite right..



Why not test it with the mega smasher?
What do you think, Guyver 1?
When it is attacked, it's body is injured..
.. And according to my estimates, can also die..

GUYVER 1... OR RATHER SHO FUKAMACHI!

What?!

Morality?

Will you not attack?
What's wrong with you?

DIE, WORM!
